**I AM VERY
PASSIONATE
ABOUT FOOD;
THIS IS MY
LIFE.**

— FRANCIS LUZINIER, EXECUTIVE CHEF —

CATERING

Animating the meeting space through food to create a truly inspiring experience.

"What was great for me was being born on a farm; my family were farmers and we had all the food we needed. My father grew all of our vegetables and made our own red and white wine and apple cider. I never knew what a supermarket was until I was eleven years old.

When I was eight years old I started to help my grandma cook the family meals and I developed a taste for our farm produce and homemade soups, salads, stews and best of all, tarts! We had a strawberry farm and our strawberry tart was in high demand.

I am very passionate about food; this is my life. I can create something out of almost anything. I love to cook my native food from France; cooking with rich tenacious wines, red and sticky white wine, and of course with truffle.

I love working at Pullman Adelaide because you meet so many different people. We are such a multicultural workplace and I love to work alongside my team and create dishes that will excite our guests' gustative pappille (taste buds).

South Australia, particularly the Fleurieu Peninsula, Yorke Peninsula and the Adelaide Hills and it's produce serve as great inspirations for me and remind me of the European traditions I learnt back home.

Bon Appetite."
